

HARD SMASH'S GIVEN TO MARKET BY BEARS

Drive Mainly Against Industrials, Whose Profits Will Suffer Through War Tax Measure.

USUAL SUPPORTERS ABSENT

Steel Center of Attack, With Industrial Alcohol as Leading Sufferer. Payment of Liberty Loan Installment Causes No Disturbance.

BY BROADWAY WALL

NEW YORK, August 30.—Bears gave the stock market a hard smash to-day—the hardest it has had in several months, in the short two-hour session they found the floor of the exchange bare of most of its members. The big send-off demonstration to departing businessmen was the signal that the market had turned bearish. The attack found the market bare of its usual supporters.

The drive was directed mainly against the industrials, whose profits are due to suffer through the war tax measure. The center of the attack, it was driven Southern Railway, which was down 1/2 with much stock pressing for sale. Industrial alcohol was the leading sufferer, down 3/4. The market was not so much more than twenty years ago. New York Central also touched a new low record for recent months.

In seeking for explanations of the break, it was suggested that the reason for the drive was intended to be an object lesson to the government. The war tax measure, however, was not the best view attributed to the drive to a coterie of daring speculators, who took advantage of the market's weakness and absence of most of the market supporters.

The market was not so much more than twenty years ago. New York Central also touched a new low record for recent months. In seeking for explanations of the break, it was suggested that the reason for the drive was intended to be an object lesson to the government.
